#### **Parent Involvement:**

The initial day will be a required parent participation day in the field at Foothills Park and there will be a required information night. At least one parent needs to attend each event. The rest of the year parent involvement is encouraged but optional and each parent will have the opportunity to join us in the field. When joining us in the field you will have the opportunity to lead **nature-based** games,

stories, songs, art projects or other activities with prior approval of the director. You can also just assist the teachers throughout the day if that fits your comfort level.
